

UAL Level 3 Award and Certificate in Photography

Study Mode: Part-time | Course Level: 3

Is this course right for me?

The UAL Level 3 Award and Certificate in Photography allows you to further develop your practical photographic skills. Throughout the course you will be exploring techniques, equipment and materials as well as research into the work of professional photographers. There will be a strong emphasis on developing photographic skills using a range of camera types and lighting techniques, underpinning your knowledge, understanding and skills for a broad range of areas in the photography industry.

You'll train in our dedicated facilities which include a photographic studio, graphics studio and dark rooms. The art and design department also has a large 3D design workshop and fashion and print making studios together with a range of classrooms and facilities on campus available to you including digital recording studios, TV studios and editing suites. All tutors are active within the art and design industry and have a wealth of knowledge and experience to call upon enabling you the best opportunity to progress in your chosen career.

As part of the National Skills Academy for Creative and Culture we pride ourselves as being at the forefront of education and training for the ever changing art and design industry. Linking with local artists and companies and regularly hosting guest speakers, allows all learners to gain current and relevant training which gives them not just a qualification, but the experience in the career they wish to pursue. Arts Council England has endorsed the quality of our teaching and learning and links with employers by awarding us 'Arts Mark Gold'.

City of Wolverhampton College is an approved centre for UAL Awarding Body Level 3 Award and Certificate in Photography.

Entry Requirements

To access this course you are required to:

- Have a Level 2 qualification in photography OR
- Relevant knowledge and experience of photography
- Attend an interview and provide examples of your work to demonstrate your suitability for the course

In addition, the following would be an advantage:

- Basic knowledge of using Photoshop

- Your own digital SLR camera you can use during and outside of lessons, however if you do not have access to this equipment you will be provided with one to use during lessons.

What will I learn?

During this course you will study:

- Darkroom practice
- Studio techniques
- Location photography
- Portraiture
- Photoshop
- Experimental photography

What skills will I gain?

By studying this course you will:

- Gain experience in the potential of still photography, both traditional and digital
- Learn location photography techniques where you will explore the basic principles of camera operation, lens selection, composition and visual imagery
- Learn studio based techniques where you will build on your current knowledge to further develop your skills and outcomes in the studio environment

How will I be assessed?

This is an assignment based course so there are no exams. You will be continually assessed throughout the programme and the course will culminate in a final project which will be graded as pass, merit or distinction.

What can I do next?

The skills you will learn from this course will enable you to:

- Enrol on our HND in photography
- Pursue further study in art and design or graphic design
